EXHIBIT D - Contractor Insurance

- I. The Contractor shall purchase and maintain insurance of the following types and limits of liability:
 1. **Commercial General Liability (CGL)** with limits of insurance not less than \$1,000,000 each occurrence and \$2,000,000 general aggregate.
 - A. The general aggregate shall apply separately to each project and location.
 - B. CGL coverage shall be written on ISO occurrence form CG00 01 10/01 or a substitute form providing equivalent coverage and shall cover liability arising from premises and operations, independent contractors, products-completed operations and personal and advertising injury and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).
 - C. North Forest and its parents, subsidiaries and affiliates, including North Forest Office Space - Dallas, LLC, North Forest Development - DFW, LLC and all other parties required by the contract shall be designated as additional insureds on the CGL, using ISO additional insured endorsement CG20 10 11/85 or both CG20 10 10/01 and CG 20 37 10/01 or equivalent. Coverage to the additional insureds shall be as broad as the coverage provided for the named insured contractor, and shall apply as primary insurance on a non contributing basis including completed operations coverage, before any other insurance or self insurance, including any deductible, maintained by or provide to, the additional insured.
 - D. There shall be no limiting endorsement or modification of the contractor's CGL policy arising from pollution, explosion, collapse, underground property damage, or work performed by subcontractors.
 - E. Contractor shall maintain CGL coverage for itself and all additional insureds for the duration of the project and maintain completed operations coverage for itself and each additional insured for at least 2 years after completion of the work.
 2. **Commercial Umbrella/Excess**
 - A. Umbrella/excess liability limits of no less than \$1,000,000.
 3. **Worker's Compensation and Employer's Liability**
 - A. Employers liability insurance limits of at least \$500,000 each accident for bodily injury by accident and \$500,000 each employee for injury by disease.
 - B. Workman's Compensation coverage as required by local applicable law.
 4. Materials & supplies while in transit or stored off-site, contractors equipment, etc. The contractor at its sole expense shall maintain such coverage where needed on an all risk, replacement cost basis for the full value of said property. The deductible, if any, applies shall be the sole responsibility of the contractor.
- II. **Waiver of subrogation:** all policies of insurance procured by contractor shall waive all rights of subrogation against North Forest and its parents, subsidiaries and affiliates, including North Forest Office Space - Dallas, LLC, North Forest Development - DFW, LLC and their agents, officers, directors and employees, et al for recovery of damages to the extent such damages are covered by commercial general liability policy (CGL) form CG 20 04 or its equivalent and workers' compensation (wc) form wc 00 03 13 or its equivalent.
- III. **Notice of material change or cancellation:** no policy will permit cancellation or modification without thirty (30) days prior written notice of cancellation or modification to North Forest.
- IV. **Certificate of insurance:** a certificate of insurance shall be provided to North Forest before commencing work. Attached to each certificate of insurance shall be a copy of the additional insured endorsement including completed operations coverage endorsement that is part of the contractor's policy. See attached sample certificate. Failure of North Forest, the project owner, or any other party to review, approve, and/or reject a certificate of insurance in whole or in part does not waive the requirements of this agreement.
- V. **Subcontractors of every tier:** should the contractor engage subcontractors, contractor shall ensure that those subcontractors and sub-subcontractors also secure and maintain insurance coverages as required under this agreement.
- VI. **The limits of the coverage set forth in this document are suggested minimum limits of coverage:** the suggested limits of coverage shall not be construed to be a limitation of the liability on the part of the contractor or any of its tier subcontractors. The carrying of insurance described shall in no way be interpreted as relieving the contractor or tier subcontractors of any responsibility of liability under this contract. If there is a discrepancy of coverage between this document and any other insurance specification for this project then the greater limit or coverage requirement shall prevail.

To the fullest extent permitted by local applicable law, the contractor shall defend, indemnify and hold harmless North Forest and their respective agents, officers, directors and employees, et al from and against any and all claims, demands, damages, losses and expenses including but, not limited to, reasonable attorney's fees, arising out of or resulting from the contractor's performance of the work, as provided herein and in the contract, including claims arising from or in connection with the act or omission of the contractor or any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, including any claims relating to any equipment (if any) or the use of any equipment. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist to any

party or person described in this paragraph.

The failure of North Forest to insist in any one or more instances upon a strict compliance with any provision of this contract, or to exercise any option herein conferred, shall not be construed as a waiver or relinquishment of the right of North Forest thereafter to require compliance with such provision of this contract, or a waiver of the right of North Forest thereafter to exercise such option, but such provision or option will remain in full force and effect.

Failure to maintain the insurance coverage required herein throughout the life of this contract shall constitute a material breach of the contract. It is the contractor's obligation to provide North Forest with current certificates of insurance.
